## *Ever See a Horse Dance With a Cow?*

*That's exactly what Cain Quam and his string of top cutting horses do!*

Cain and wife Roberta own and operate Cain Quam Performance Horses in Kendal, Saskatchewan. They campaign across Canada and the United States both with client horses and their own. Cain is one of the up and coming cutting horse trainers in Canada.

In 2004 Cain was the Saskatchewan Cutting Horse Champion in the open division with his great mare *Zack Will Do* and \$3,000 Novice Horse Champion on Don Biette's mare *Pepsi Royal Pet*. Both these mares were shown extensively in 2004.

To ensure that his fine athletes are in peak form, Cain feeds ***Masterfeeds Patriot Surmount and Masterfeeds Finishing Touch***.

"I am very pleased with the stamina and condition my horses maintain while on Surmount and Finishing Touch. I'm a believer and I tell everyone. All the cutting horses in our barn are on Masterfeeds Patriot Surmount," says Cain

The Quams are eagerly waiting for the arrival of the Zack Will Do and Pepsi Royal Pet's foals. Four to be exact. Not only did "Zack" and "Pepsi" win in the cutting program but also in the Quams' Embryo Transplant program!

**Thank You Cain & Roberta**
