

**Who Uses: Patriot Golden Years 16% Horse Cube  
(606112)**

Only fed to older horses/ponies.

**Description**

A cubed horse ration, formulated to balance the specific needs of the geriatric horse and pony.

**Features**

- Formulated specifically for the older horse and pony.
- Contains a high level of fibre.
- Contains a good level of fibre (max. 9%).
- Supplies a balance of protein, energy, vitamins and minerals, specific for the geriatric horse.
- Contains added fat in the form of vegetable oil.
- Contains added Vitamin C and Vitamin E.
- Contains chelated trace minerals.

**Benefits**

- To help maintain the geriatric horse in good condition and health.
- The shape promotes thorough chewing and in turn, helps overall digestion, reduces feed wastage and fines.
- Makes a bulky and safe feed. Helps to reduce “hay belly”. Reduced fibre content for the older horse.
- Appropriate levels to maintain health and condition.
- Supplies extra energy and improves palatability.
- Older horses have been shown to have lower plasma Vitamin C. Vitamin E has been shown to be involved in immune responses.
- For increased bioavailability of those nutrients essential for immune response, hoof health, bone and cartilage development.

**Directions For Use:**

Designed for the older horse to be fed at ½ to 1 ¼ kg of Masterfeeds Golden Years 16% Horse Cubes per 100 kg of body weight, according to the amount of work performed, the condition of the horse and the quality of hay or grass.
