

Who Uses: Patriot Horse Feeds 12% & 14% Textured 606108, 606109

Boarding stables, recreational riders and performance horse requirements are all met with this feed.

Description

A texturized grain ration, intended for the pleasure/recreational horse, involved in breeding, growing or training.

Features

- Contains steam-rolled grains, blended with pellets.
- Contains a blend of molasses and vegetable oil.
- Contains 12, 14, or 16% crude protein with a balance of energy and fibre.
- Contains 40 mg/kg copper.
- Contains added biotin.
- Contains added minerals and vitamins.
- Contains chelated trace minerals

Benefits

- Increased palatability and digestion.
- Creates a rich, golden colour. Reduces caking and adds energy.
- More choice for various stages of growth and work required by pleasure horses. Excellent for weight control.
- Involved in hemoglobin formation and bone development.
- Involved in the integrity of the hoof, often stressed by the demands of competition.
- Necessary for strong bones and to support sound growth and/or maintenance.
- For increased bioavailability of those nutrients essential for immune response, hoof health, bone and cartilage development

Directions For Use:

Feed ½ to 1 ½ Kg of Patriot Horse Ration Pellets per 100 kg of body weight, according to the amount of work performed, the condition of the horse, and the quality of hay or grass.

LIABILITY DISCLAIMER: Individual results from the use of this product may vary due to management, environment, genetic, health and sanitation differences. Therefore, Masterfeeds and its dealers do not warrant or guarantee individual results.

**PATRIOT
