

Who Uses: Patriot Podium Eventer Horse Ration Pellets (605641)

Owners and trainers of performance horses who need a diet for their horses that is high calorie with very low starch and sugar levels. Typically this would be owners of eventing horses, endurance horses, horses prone to tying up or those with symptoms of EPSM.

Description

A high fat, high fibre, low starch ration balanced and formulated to meet the demands of the performance horse.

Features

- Contains 8% fat from all vegetables sources.
- Contains a very low level of starch and sugar.
- High calorie.
- High in digestible fibre.
- Contains chelated trace minerals.
- Contains yeast culture.

Benefits

- Provides the added fat calories certain classes of horses require for optimum performance.
- Ideal for horses prone to tying up and starch intolerances such as EPSM.
- Provides the level of calories and energy required for maintaining body condition as well as performing at the highest levels.
- High fibre level improves digestive health and provides fibre calories, the most natural form of energy for the horse.
- For increased bioavailability of those nutrients essential for immune response, hoof health, bone and cartilage development.
- Yeast culture works as a digestive aid and gut stabilizer reducing digestive upsets and maximizing digestion.

Directions For Use:

Feed ½ to 1 ½ kg of Masterfeeds Patriot Podium Eventer horse ration pellets per 100 kg of body weight for the active horse, according to the amount of work performed, the condition of the horse and the quality of hay or grass.
